

Stiles Middle School Technology Norms/Guidelines

We are very excited about the mLISD Initiative and the rollout of 1:1 laptop devices in grades 6th, 7th and 8th grades. With all students having a laptop, we have made a few changes to our cell phone use policy. We are asking all students to abide by the following Campus Norms regarding technology.

- Students will be allowed to use personal cellular devices before school in the cafeteria and after school
- Students may not bring cell phones to their classes. Phones should be left in their locker throughout the school day.
- Students may not use personal devices during passing periods in hallways.
- Students may not use personal devices during lunch.
- During the school day, devices should only be connected to the network via the LISD-WiFi access connection.
- As a courtesy, please silence your device.
- Parents that need to contact their student during the school day should call the front office and we will get them the message.

If a student is abusing these Campus Norms, the phone will be taken up by an adult and turned in to the Assistant Principal Admin Assistant.

Each time it is documented in the office.

1st time turned in – warning (student picks up at end of day)

2nd time turned in – D-hall (student picks up at end of day)

3rd time turned in – D-hall (parent required to pick up at end of day)

Any additional times turned in – additional consequences and/or parent picks up
