

International Day - Sign up Form

What is International Day?

International Day is a day to share your love for another country with other students. It is your chance to tell everybody about the country you/your family came from or a country you visited and fell in love with!

What do I need to do?

Find 1-2 friends to form a group and prepare a 10 min presentation about a country. Presentations must include slides and optionally poster boards, pictures from your last trip, and short movies. Show facts about your country, share why you like it so much and talk about your personal experience (Did you visit it? Are your parents from there? Do you have family there?). You may also bring food samples and other items unique to that culture: clothing, arts, crafts, books, music, etc... Encourage your parents to participate! Parents may help preparing the presentations and they may help you present on International Day.

If you already presented a country last year, you have most of the work done already! We would love to have you present again.
